

MICROBIOLOGY & MOLECULAR GENETICS
SPRING 2018 SEMINAR SERIES
UNIVERSITY OF PITTSBURGH, SCHOOL OF MEDICINE

Erik Wright, PhD, MS

**Assistant Professor, Department of Biomedical
Informatics, University of Pittsburgh School of Medicine**

**“What do patterns of gene flow among
thousands of genomes reveal about
bacterial species?”**

Host: Dr. Vaughn Cooper
Light Refreshments

Wednesday, February 14, 2018
Bridgeside Point II, Room 503
12:00P.M. — 1:00P.M.
